

BHUMI BHATKAR

Data Analyst, Automation Engineer & Full Stack Developer

Four Bungalows, Andheri West, Mumbai | +91 93260 73629 | bhumirb2309@gmail.com

PROFILE

Data Analyst, Automation Engineer & Full Stack Developer in the IT Department at State Bank of India (Factoring), and an M.Sc Data Science student at Chandigarh University with a B.Sc (Honors) in Applied Statistics & Data Analytics from NMIMS, Mumbai. Builds internal tools end-to-end — Flask backends, SQL/Oracle data pipelines, OCR & NLP automation, Power BI dashboards, and React front ends — replacing manual, spreadsheet-driven processes with auditable systems. Open to Data Analyst, Data Science, Full Stack Developer & AI Automation roles.

EXPERIENCE

Data Analyst, Automation Engineer & Full Stack Developer — IT Department

Apr 2025 – Present

State Bank of India (Factoring) | Mumbai, IN

- Own a portfolio of internal platforms across HR, IT, Credit, Operations, Debt, Legal and Audit, including an AI assistant used daily by every department and a full Oracle → MySQL migration of the lending management system.
- Built SARA, a Flask-based internal AI assistant with department-wise policy databases, OCR & NLP pipelines, and an email summary module — cutting task completion time by 95% across 6 departments.
- Built the SBI Factors Hub SSO portal consolidating 10+ internal apps behind a single sign-on with search autocomplete and an employee recognition module.
- Delivered a Power BI executive dashboard (FIU Outstanding, Turnover, NPA) with custom DAX measures, plus Flask/SQL systems for SMA reporting, OCR invoice-PO validation, and audit query tracking with SLA escalation.

Risk Analyst Intern

Jan 2025 – Feb 2025

SBI Global Factors Ltd.

- Built interactive MIS and concentration-risk dashboards for automated financial risk monitoring across client segments.
- Analysed SMA-flagged clients with the Debt Department and flagged high-risk sectors; delivered breakeven and attrition analysis across IT and HR.

Data Analysis Intern

Mar 2024 – May 2024

Freelance / Internship

- Optimised e-commerce sales strategy (+15% profit margin) and forecasted market trends for 500+ Indian companies using Python, Pandas, and Seaborn.
